

Due to unforeseen circumstances, for the July 16/17 performances, the part of *Ophelia* will be played by **Miranda Tilley**.

The second Polish Maiden will be played by **Julie Ann Sarabia**. Here's a little about her:

**Julie Ann Sarabia** (*Polish Maiden*) is the secret love-child of Barry Manilow and Angel Locsin, born in a Jain Temple on the Malabar Coast just north of Kochi. Soon bewitched by wanderlust and a search for the sky, she traveled north to the Himalayas and thence to the Karakoram range, where she was the first to ascend K2 wearing flip-flops. This need for ascension ultimately brought her to the Andes, where, having attained the summit of Aconcagua whilst being transported in a kiệu, she retired to a quiet life raising Alpacas in the plains of the Collao. She is quite happy to play a Polish Maiden in **Fortinbras** while she plots ascending Mount Whitney on a OneWheel.
